

Wash with care

Laundry protective clothing after each use.

Wash separately from regular laundry.

Discard any pesticide-soaked clothing.

- Always use gloves.
- Pre-soak clothes.
- Use HOT water (140°F/60°C).
- Use the highest water level.
- Use the longest wash cycle.
- Use STRONG detergent.
- Use two FULL cycles for heavily contaminated clothes.
- Hang clothes to dry in sun.
- Clean washing machine after use (full cycle with no clothes).
